

Connection Diagram of Iotron™ Sensors with IC Controls 655 Preamplifiers to IC Controls 655 Transmitters

Cable Color Coding	Instrument Terminal Name	IC Controls Terminal Number
Green	+ V	1
Red	Reference	2
Black	- V	3
White	Signal	4
No Connection	T +	5
Brown	T -	6

Note: Remove protective resistor, if present, connecting v+ and T- terminals on sensor terminal board.

Note: Use same color coding when using a junction box with a terminal strip.
